THE NICKOLS WAY · WORKMANSHIP

THE BUFFALO STAMP OF APPROVAL

When you choose Nickols Roofing, you're choosing a system built on accountability. From quote to final inspection, every step is documented, reviewed, and signed off. This is the checklist our foreman and project manager work through on every workmanship project before it earns the stamp.

A verified checklist
Completed and checked off for your project.

Signed confirmation
Our quality standards, signed off in writing.

The official stamp
The Nickols Buffalo Stamp of Approval.

If we sign off on your roof, it's been done right.
That's our guarantee, backed by our 100% satisfaction guarantee.

BUFFALO STAMP OF APPROVAL CHECKLIST

WORKMANSHIP

Every other trade we take on is held to this 6-point workmanship standard.

6 SECTIONS **33** CHECKPOINTS

01 PRE-WORK INSPECTION & SCOPE VERIFICATION — 4 POINTS

- [ ] Existing conditions reviewed prior to work
- [ ] Scope of work verified against contract
- [ ] Materials confirmed prior to installation
- [ ] Access and protection plan established

02 INSTALLATION STANDARDS — 5 POINTS

- [ ] Installation performed per approved contract
- [ ] Fasteners and attachment methods appropriate for application
- [ ] Transitions and tie-ins completed properly
- [ ] Structural mounting surfaces verified
- [ ] Weatherproofing completed where applicable

03 FUNCTIONAL PERFORMANCE CHECK — 5 POINTS

- [ ] System tested for proper operation (if applicable)
- [ ] Drainage / ventilation / water diversion verified (if applicable)
- [ ] Sealants properly applied and cured
- [ ] No visible installation defects
- [ ] Project meets intended performance objective

04 CLEAN JOBSITE GUARANTEE — 5 POINTS

- [ ] Work area cleaned
- [ ] Debris and scrap materials removed
- [ ] Magnetic sweep performed where necessary
- [ ] Landscaping protected and restored
- [ ] Final perimeter inspection completed

05 SAFETY & OSHA COMPLIANCE — 8 POINTS

- [ ] OSHA-compliant fall protection system in place
- [ ] Harnesses, anchors, and tie-offs properly installed and used
- [ ] Ladder placement secured and compliant
- [ ] Jobsite hazard assessment completed
- [ ] Crew safety briefing conducted prior to start
- [ ] Personal Protective Equipment (PPE) worn as required
- [ ] Debris containment and controlled tear-off procedures followed
- [ ] Site maintained in safe condition for homeowners and public

06 FINAL POINT NICKOLS INSPECTION

6 POINTS

- [x] Foreman inspection completed
- [x] Project manager inspection completed
- [x] Photos captured (before & after)
- [x] Warranty registered upon final payment
- [x] Homeowner walkthrough completed
- [x] Documentation packet delivered, mailed, or emailed upon final payment

BUFFALO STAMP OF APPROVAL

This home has met all Nickols Roofing installation standards and has earned the Buffalo Stamp of Approval.

*If conditions are uncovered during installation that prevent the system from meeting that standard, we will review options and any associated costs with the homeowner before proceeding, consistent with the terms outlined in the signed Contract Terms and Conditions.

NICKOLS
ROOFING & GUTTERS

MORE THAN A ROOF.
IT'S THE NICKOLS WAY.

We're a family-owned Fox Valley roofing company, and we hold every project to the same standard we'd want on our own homes.
